

Miguel Fco González Pujazón - Job Apply

Dear Sir / Madam,

My name is Miguel González, and I would like to apply for the programmer position which I saw advertised in Infojobs.

I have been studying Web Development for Certificate of Higher Education. I've been working as a trainee worker for Data Seekers, in the backend department.

I am an expert in Java, PHP, Python and JavaScript languages. I am skilled in web design with HTML and CSS. I also have experience with MySQL and Mongo DB databases.

I think I have a lot to learn, but I'm hardworking and responsible doing my job.

I would be interested in having more details about the position. Please do not hesitate to contact me if you need further information. I look forward to receiving your reply.

Yours faithfully

Miguel González
