

## **Miguel Francisco González Pujazón – 2º DAW**

In the attached audio we have this situation: Stefan, Ilse and Patrick founded an independent computer games shop in the backstreets of a large historic town. It is popular with students and young people who live in the area. A new shopping centre is opening outside town and they are discussing whether they should move their business there. Listen to the extracts from their discussion and say who:

1. Thinks they should start to think about growing? **Stefan**
2. Mentions how easy it will be to park at the shopping centre? **Ilse**
3. Reminds everyone about who their customers are? **Patrick**
4. Suggests keeping the shop in town as well as going to the shopping centre?  
**Stefan**
5. Is worried that there won't be any well- located shops left in the shopping centre? **Stefan**
6. Would like to wait and see what big retailers plan to do? **Patrick**
7. Suggests asking for independent advice? **Ilse**
